LING 260 / ASIA 260
Languages of Southeast Asia

Southeast Asia is home to more than 1,000 languages from 6 different language families! Learn about their histories, their writing systems, the linguistic features they do and do not share, how they are used in situ and in the diaspora, and more.

No prior study of linguistic theory or ability to speak a Southeast Asian language is required.

Spring 2020
MWF, 10:10 – 11:00
Remote synchronous
