LING 260 / ASIA 260
Languages of Southeast Asia

Southeast Asia is home to more than 1,000 languages from 6 different language families! Learn about their histories, writing systems, and linguistic features. Explore issues of language policy, preservation, and linguistic identity in situ and in the diaspora.

No prior study of linguistic theory or ability to speak a Southeast Asian language is required.

Spring 2022
MWF, 10:10 – 11:00
